Meeting ID: 945 3232 8533

Passcode: 867012

**Friday, January 8, 2021**

**9:00 – 10:00 am**

# How to Conduct Research on the Health Impacts of Climate Change\*

## **Ashwini Sehgal, MD**

Duncan Neuhauser Professor of Community Health Improvement  
Co-Director, Center for Reducing Health Disparities  
Case Western Reserve University  
Associate Editor, Annals of Internal Medicine  
Division of Nephrology  
MetroHealth Medical Center

**\*Description:** This talk will provide a framework for thinking about research on the health impacts of climate change. Topics to be covered include an overview of climate hazards and their health impacts, phases of research, examples of research related to heat waves, and challenges in conducting research on climate change.
